LIBRARY

Dear Alumnae,

Greetings to you from Florida. Since my last note to you I have changed my name and address. George and I were married on November 26 and are living in Jacksonville. We have a new home here and at the present time I find housekeeping and gardening a full time job, but hope soon to find time to start Alumnae activities here. I understand that quite a few Mary Washington girls are in Jacksonville, and as soon as we can prevail on the telephone company to install a phone, will attempt to contact them.

Christmas brought greetings from a number of Alumnae—among them a newsy letter from Carol Schwartz Robbins, past vice president of the Alumnae Association. Carol, Phil, and young Gary are living in Meadville, Pennsylvania, where Phil is teaching.

The new year arrived with me in Norfolk and my hubby in Jacksonville. Illness at home extended my visit with my family for a longer time than we had planned.

Our first important Alumnae date in 1956 is Homecoming. This year promises so much and I urge each of you to keep in mind April 6, 7, and 8. At this time we will meet Dr. Simpson, the new President of MWC; have reunions with old friends and classmates; enjoy "Sabrina Fair," a production by the Barter Players; and many other activities planned by Lee Marsh Lewis, Chairman of Homecoming. In this issue you will find full details of this event. Where or when can you enjoy so much for so little? Note the registration fee. That includes everything.

I wish to take this opportunity to express my sincere appreciation to all who have been so helpful in getting things rolling this year. However, we need the cooperation of each alumna in order to keep the motors running for full speed ahead. Let's travel far.

If you are in an area where there is an Alumnae Chapter, pitch in and do your bit. They have lots of fun so join up. If there is not a chapter in your section of the country, start one like I am going to attempt to do in Jacksonville. Last, if you are a lone star, be a member by mail. Just send your dues to the Alumnae Office and we will keep you informed through the "Alumnae News."

Best wishes to each of you for the year 1956. May it be a happy one for you. I am looking forward to seeing you in April.

Sincerely,
Margaret Lambert Reardon
President, Alumnae Association

To the Alumnae of Mary Washington College:

It would be more natural for me if this opportunity to extend my greetings to the alumnae of the college were less formal and more personal. Yet, I am very happy that your officers have given me the chance to say a few words of personal introduction.

First of all, we must be ever mindful and forever grateful for the achievements of the college in the years which have passed. Especially at this time, each of us is saddened by the death of Dr. Combs who for so many years of his life guided the development and the growth of the college. His work at Mary Washington will always be a monument to his great interest in the program of higher education in our State and Nation.

I personally am most fortunate in having known and admired Dean Edward Alvey for many years. He was a fledgling Ph. D. when I was a lowly graduate student at the University. How long ago that was neither of us cares to remember. Anyone who knows Mary Washington College intimately, and those who have watched at a distance, recognize that Dean Alvey's work has been the keystone of the academic arch of the college. Mr. Edgar Woodward, the Bursar, has been most generous both with his time and his interests in helping me become aware of the numerous and complex practicalities which support and project the present as well as the

future of the college. To these two gentlemen, Mary Washington College is indebted. It was their responsibility to serve constructively and effectively in the period prior to my residence in Fredericksburg. No person could have received more helpful assistance than I have—not only from Dean Alvey and Mr. Woodward, but also from other persons in positions of responsibility.

As I have gradually become acquainted with the college, I have been impressed by the beauty and splendor of the grounds and the stateliness of the buildings which for all of you must bring recollections of happy and somewhat carefree days of earlier years. But, the abilities and skills of the faculty and staff attract a newcomer's attention not only for their dedication to their task but also for their loyalty and devotion to the welfare of the college. I have always felt, and I think with reason, that a college is not stronger than the strength of its faculty, for they—the faculty—in the true sense of the word are the college—that to which young ladies come for instruction, for guidance, for total growth, both of spirit and of mind. All other phases of the life of a college are secondary to this primary aim. My own role in the future of Mary Washington College must always be viewed as a means rather than an end. This will be true for all of my colleagues who work to make more effective and more constructive the educational program of the classroom, the laboratory, the library, and the individual processes of study. I trust that the faculty, the staff, the students, and the alumnae will appreciate how important it is for us not to forget that education is the purpose of a college—education that informs and disciplines the mind, restrains and controls the emotions, yet gives freedom for a person's soul to soar in order that his nobility, his dignity and worth may be revealed to all men in the sight of our Creator.

It may seem ungracious in me, when writing to the alumnae, to place in importance the present students of the college before the alumnae. However, you will not be unaware that a constantly changing group, such as a student body, is forever remolding in various ways the many patterns of life and thought which you in your time helped to build. To deny to each group of girls a large and, I hope, an increasing voice in the creating of their college of the present would be to draw away the life blood of the institution which we all cherish. Yet, in a sound and vital student life and in a living institution, that which is the college in essence will forever prove the wisdom of the proverb that the more a thing changes the more it remains the same.

As an officer of the college, it will be my responsibility to see that with all the changes, the "same" that you knew and loved at Mary Washington will have been preserved and thereby revitalized.

The alumnae of the college, like the faculty of the college, are another means for the greater glory and prestige of Mary Washington. What you do in your own personal life, what you are in your civic and professional career, what you are in your home and family continuously build the mosaic of the Mary Washington girl. You are never separate from the college, and the college with pride can never be isolated from its alumnae. You will determine in ways that you cannot foresee the type of student who will seek admission to your alma mater. You are a diversified yet fully authoritative admissions committee for your college. Like all committees, you will make errors of judgement, and so will we, but you and your college must not overlook the fact that the effort towards destiny is forever joined.

You will want to return to Mary Washington for a day or so to relive the happy experiences of your college career. Time will have filtered the waters of memory, and the return should be a memorable and a happy occasion.

The faculty and staff of the college, the students, the alumnae—you are Mary Washington College in all its glory. I trust that in the years ahead, you will in your

gracious and generous maner admit Mrs. Simpson and me into the circle of your friendship, your esteem, and your love of Mary Washington College.

I extend to each of you and to your families all the good wishes of the New Year, with a very special hope that we will have the pleasure of meeting you personally—if not before—certainly on April 7.

Sincerely,
Grellet C. Simpson
President, Mary Washington College

To the Alumnae of Mary Washington College:

As the years pass and the number of Mary Washington College alumnae grows greater and greater, the Annual Homecoming takes an added significance each year. The Alumnae Association has grown both in numbers and in influence. With graduates living in nearly every state in the Union and in many foreign countries, Mary Washington College has become one of the great educational institutions of our country. Her alumnae are making their influence felt in the educational, economic, and social life of thousands of communities.

We at the College take pride in your achievements and the things for which you stand. After all, it is the impress that a college makes upon its students that is the true measure of its greatness. With "pro deo, domo, patria" as our college motto, we have before us a lofty purpose that is worthy of our best efforts.

This year Homecoming has a special significance, for we join in welcoming our new president, Dr. Grellet C. Simpson, who will begin his official duties at the college on February first. It is a source of gratification to me, personally, and to all who know Dr. Simpson that he has been chosen to guide the destinies of the College. His dedication to learning, his vision of the role of higher education in the development of the individual, and his regard for the ultimate and enduring values in life are qualities that have won the respect and admiration not only of the students and faculty of Randolph-Mason but also of his wide circle of friends throughout the state. Dr. Simpson has proved himself a capable administrator as well as a man of warm human sympathies. He brings to Mary Washington a respect for the achievements of the past as well as a vision for the future of this great institution.

In the informal visits that Dr. and Mrs. Simpson have already made to the College they have won the hearts of all with their friendliness and their sincerity. We are glad to have them as members as our college community. The faculty and administrative staff and the members of the student body look forward to Dr. Simpson's inspiration and leadership. The alumnae may be confident that Mary Washington will continue to grow in accomplishments and prestige under his administration.

I hope that many of you will return for Homecoming. To all of the alumnae I extend my kindest regards and best wishes.

Sincerely,
Edward Alvey, Jr., Dean

January 11, 1956

As Homecoming approaches our thoughts turn to the many traditions that have endeared Mary Washington College to all of our hearts. Perhaps the tradition that contributes most to the spirit here on the Hill is Homecoming. I am sure that it is a great satisfaction to each of you to return, but your presence here means more than that to us. You serve as an inspiration to the student body for you have attained what they are striving for—success and happiness.

It is our sincere wish that more Alumnae will return this year than ever before. You may be assured that a most cordial welcome awaits each of you.

Ruby C. Harris, '33
Acting Dean of Women

Miss Belva Tune Dunn '44 was married to Benjamin Thomas Jones, Jr. of Richmond on December 31. Congratulations, Mr. Jones, and best wishes to you both! Belva is our hard-working alumna and a member of the Board of Visitors.

Alumnae Office with Executive Secretary and Student Aids

Left to right: Miss Sue Canter, senior from Pittsburgh, majoring in drama; Miss Alma Rowe, junior from Fredericksburg, majoring in sociology, and Mrs. Polly Graves Lamason, Executive Secretary.

Miss Virginia E. Lewis '40, President of the Virginia Education Association.

Miss Martha Coleman '49

Many of you will remember a quiet, unassuming girl, Martha Coleman. We have learned recently that Martha is setting the world on fire. She has taken herself to Vienna, Austria, and for two years braved living

in the Russian sector to further her career. The danger is now over and Martha sounds well established in the operatic world in Vienna. Already, Martha, a lyric soprano, has performed the roles of Mimi in "La Boheme," Desdemona in "Otello," and Octavian in "Der Rosenkavalier."

Martha is sharing an apartment with another American girl, who is also a Mu Phi Epsilon member. Dr. Erdelyi of our Psychology Department visited her during his stay in Vienna. Any of you finding yourselves there in the future, be sure to look up Martha. (Schleifmuhlgrasse 4/8a, Wien IV, Oesteweich)

Mrs. Bushnell Sends Regards

Mrs. Bushnell sends her warmest regards to every alumna. She talked with the Executive Secretary on Christmas Day and was so delighted with all of her cards. She said that was all she asked for and she would never forget the lovely flowers sent her last homecoming by the Association. Mrs. Bushnell is Dean of Women at Moravian College for Women, Bethlehem, Pennsylvania. Please remember her with your letters and notes.

Handbooks for Organizing Chapters

The Alumnae Office is preparing new Handbooks for Organizing Chapters to be distributed to all chapter officers and for alumnae who are interested in organizing chapters. Please place your order and request a list of the alumnae in your locality. You will enjoy a chapter in your town. Let us publicize our college wherever we live.

Remember! Mary Washington is the largest college for women in the State and is one of the few state-supported liberal arts colleges for women in America.

We have issued new charters to the following chapters: King George, Baltimore, Maryland, and Danville. We have a new chapter in Miami, Florida.

HOMECOMING APRIL 6, 7, and 8

Homecoming will be April 6, 7, and 8. Classes holding reunions are 1916, 1921, 1926, 1931, 1936, 1941, 1946, 1951, 1953, 1954, and 1955. Pack your bag and join all the gang on "The Hill" for a week-end of fun. WAIT—before you pack that bag be sure you have made your reservation. This is very important! Reservations must be in the Alumnae Office by March 23.

The Association is sponsoring The Barter Theatre in "Sabrina Fair." Tickets are included in the registration fee of \$5.50.

The registration fee of \$5.50 is set up by the Alumnae Association to defray the expenses of homecoming such as: banquet fees paid to college (all meals and rooms are gratis); waitress fees for serving banquet; guests at the banquet including seniors, alumnae daughters, and campus leaders; favors; flowers; programs; printing; refreshments for Tea and Coke Party; \$500 guarantee to Barter Theatre; class agents expense; and general expenses. Where can you get more for \$5.50? We do not aim to make money on homecoming but we must charge to meet these expenses. This is a flat fee for everyone regardless of how long or how much you attend during the week-end.

We hope every alumna will be appreciative enough of the Alumnae Association to want to pay this fee to the Alumnae Association as we are striving to have better homecomings and a stronger Alumnae Association.

Your dues should be paid to attend homecoming but if they are not they can be paid when you arrive.

Report of the Nominating Committee For Appointees to Board of Visitors

Nominations for appointees to the Board of Visitors of the University of Virginia had to be on the Governor's desk by December 1, 1955. The terms of six members expire February 29, 1956. Three of these, Hon. Howard W. Smith, Mr. Frank Talbott, Jr., and Miss Lucille Wheeler, were eligible for reappointment. The committee suggested the reappointment of these since it was felt that they have been valuable members of the Board.

Nominations had to come from alumnae who were residents of Virginia and three names had to be submitted for each vacancy. The committee felt that the Association would be most successful if we could secure the appointment of an additional woman to the Board, a Mary Washington alumna. There are now three women out of seventeen members. Therefore, in view of woman's place in the world today, we wrote Governor Stanley that the Association would like to see one of the three retiring men, who were ineligible for reappointment, replaced by a Mary Washington Alumna.

The committee nominated: Mildred Stewart Hardy, Virginia Beach; Virginia E. Lewis, Culpeper; and Marge Lodge Copes, Onley.

Some of you girls are still confused as to which class you belong as we war students did quite a bit of "juggling" around. Here is the straight "dope." If you entered as a freshman, or transferred after matriculating as a freshman elsewhere, in 1941 and did not graduate, or transferred to another school, you are classified as the class of '45. If you entered as a freshman in 1942, and yet graduated in 1945, you are still classified as '45ers. Also, if you entered MWC in 1940 and your education was interrupted for some reason, and you returned and graduated in 1945—that also puts you in 1945. Last, but not least, if you got your sheepskin in 1945, that is your class.

If you're one of the 86 who put aside my letter and didn't answer it, please start the new year right by letting me hear from you right away. Send me the up-to-date names and addresses of anyone in the class of '46 that you can account for. Class Agents

We have fifty volunteer class agents working hard to locate the thirty thousand girls who have attended MWC. Please give them your support and assistance. This job would not be so great if we had maintained an alumnae office all along. It has only been the past few years that we have had an office and class agents.

If your class is not represented with news, whose fault is it? Please write your agent.

We thank the agents for such splendid work and cooperation. Without them we could do nothing. Some agents have over eight hundred girls on their class rolls. Please show your appreciation to them.

In 1958 the college will celebrate its fiftieth anniversary and we want to be ready to celebrate.

The Northern Virginia Chapter

The Northern Virginia Alumnae Chapter met for a luncheon meeting in September with fourteen members. The October meeting was at night; the November meeting a luncheon; and in December we had a Christmas Party. The first meeting of the year was a luncheon meeting with twenty present and an interesting program by a representative of the International Center in Washington. We are looking forward to homecoming and seeing everyone there.

Baltimore Chapter

Since its first meeting last year, the Baltimore Chapter has been primarily concerned with recruiting.

We now have approximately thirty names on our membership list and attendance is fifteen to eighteen a meeting. We meet in the various members' homes on the fourth Tuesday of each month.

Our programs for the year have included an illustrated travel-talk on Korea and Japan; a lecture and demonstration by a craftsman of modern jewelry; a dinner party at a downtown Baltimore hotel; and a Christmas party at the home of one of the members.

On November 17, the President, Ruth Harwood, attended a luncheon meeting of all Baltimore college alumnae chapter presidents at Goucher College. The meeting was sponsored by the American Alumni Council and served to acquaint all the various local chapter presidents with the programs and activities of other groups. Twenty-four alumnae chapters were represented.

Our main fund raising activity this winter has been the sale of fancy boxes of Christmas cookies.
